

AGILE OPEN FLORIDA 2014: THE AGILE REVOLUTION

Open Space Session Notes

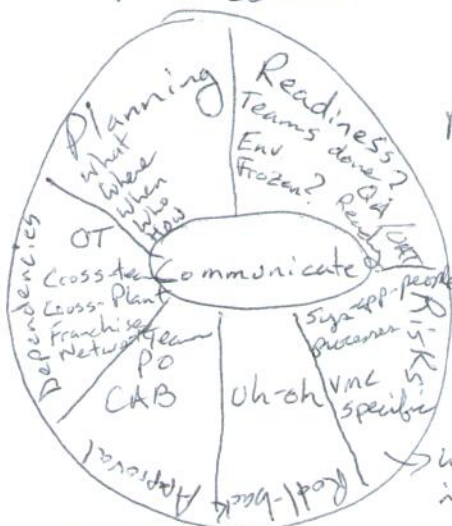

Topic: Release Management

Host: ~~Stephanie~~ ~~Karen~~ Cara

Notetaker: Anne Jones

Discussion / Key Concepts / Quotes / Revelations / Highlights

All comes down to Comm.

Release Management across all 11 teams

Release is a Sprint Release

Mid Sprint Release is maybe date driven

Create Release Plan in Confluence
Grid that identify risks, everything
Everyone will be doing in Release

What put out release plan until we know everything frozen
Approval someone checks system, id sends to approver

Remaining Puzzles / Recommendations / Next Steps

CAB = business people like ^{marketing} marketing, training that are Business owners
Moving to have Agile Project Leaders to help w/ release planning
Send Release Plan to all Stakeholders & ITSS members
Note to Support team

How do you manage releases when not on same sprint schedule?
May be able to use Kanban Board for Releases based on teams
